

PREREQUISITES

IBM CLOUDSERVICES

Date	04 November 2022
Team ID	PNT2022TMID47920
Project Name	Industry-specific intelligent fire management system
Maximum Marks	4 Marks

SIGNS WITH SMART CONNECTIVITY FOR BETTER ROAD

The screenshot displays the IBM Cloud dashboard interface. The browser window is titled 'IBM Cloud - Google Chrome' and shows several open tabs: 'IBM', 'GitHub - IBM-EPBL/IBM-...', 'Verify Email - Fast2SMS', and 'IBM Cloud'. The address bar shows 'cloud.ibm.com'. The dashboard header includes a search bar, navigation links for 'Catalog', 'Manage', and 'Surya prakash's Account', and a 'Create resource' button. The main content area is titled 'Dashboard' and features a 'For you' section with five cards: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services.), 'Create and deploy an application' (Browse our starter kits, and then select one to jump start the process to create and deploy your app.), 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel.), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes.), and 'Build and deploy Node.js apps' (Go from zero to production in minutes with your Node.js applications, integrate with Watson and other services, scale your microservices.). Below this, there are three sections: 'User access' (Manage users), 'News' (WebSphere Application Server Support Restatement, IBM Adds Lifecycle Services to Enterprise Networking and Deepens Strategic Partnership with Cisco), and 'Planned maintenance' (View all). A blue chat button is visible in the bottom right corner.
